

Monrad-Krohn's endowment to promote neurological research

Monrad-Krohn prize for neurological research 2025

Monrad-Krohn's endowment to promote neurological research grants an award every year for outstanding neuroscientific research preferably within clinical neurology. Professors of Neurology at universities in the Nordic Region are eligible to nominate candidates for the award prize. Publications must be written in a Scandinavian language or English in order to be considered. Publications referred to must have been published in internationally acknowledged medical journals.

The prize is NOK 60 000.

The awards ceremony takes place at the Norwegian Neurological Association's annual meeting in March. Motivated proposals must reach the committee in the middle of January.

Proposals may be submitted by mail to:
